November 2011

Dear Sir / Madam,

It has been brought to our attention that a high level of unlawful parking has been taking place in and around Kersley Grange School. Whilst it is appreciated that parents/carers prefer to park near to the School it must be recognised that Waste Lane and Tamworth Road are unsuitable for such purposes. It seems some drivers are unaware of where it is illegal to wait or park, so we would like to take this opportunity to inform you.

Drivers

Make sure you do not park:

- Opposite or within 10 metres of a junction (the entrance and exit to a drive, for example).
- On a bend.
- In front of entrances to properties with dropped kerbs.
- In a bus stop during the hours of operation.
- On the pavement causing an obstruction to pedestrians.
- On double yellow lines.
- On Zig Zags.
- In front of School gates.

Causing an obstruction often results in danger and frustration for other drivers and pedestrians. This may result in a £30 fixed penalty notice, and in some cases the driver can be reported for summons.

The Police thus far have been tolerant of parents/carers parking. Please be mindful that residents need access to their drives and emergency vehicles need access to the street at all times and park accordingly.

Please support the Police in creating a safer area for children, residents and other road users. If the unlawful parking continues, a blanket enforcement could be implemented.

Thank you for your cooperation in this matter.
